TO CORRESPONDENTS.

THE following items of Nursery Stock are offered to the trade at WHOLESALE, for CASH; or, by special agreement, upon such terms as will accomodate the business of nurserymen and dealers.

We invite those who have *large* orders to give, or who wish to buy special *varieties* or *sizes* not enumerated in our list, to write us; we promise the best terms the nature of their order will permit.

The prices named are for the *Trees*—the cost of boxes to be added. No charge is made for cartage.

Persons ordering are requested to give the full shipping directions. Our responsibility ceases when the packages are delivered to the forwarders.

If any error should occur, claim for the same must be made immediately after the arrival of the goods in the hands of the purchaser.

It is expected that the selection of *varieties* will be left with us, and be made so as to include a well proportioned general assortment.

Persons intending to order of us, are requested to do so as early as convenient, the period being short during which we can depend upon filling orders at *Wholesale* rates.

We usually commence digging the first week in October (in the Fall), and the first week in April, in the Spring.

Our "DESCRIPTIVE CATALOGUE AND ILLUSTRATED GUIDE," will be furnished upon application.

H. E. HOOKER & BROTHER.

ROCHESTER, August, 1874.

ROSES.

Our stock of Roses this year is much larger than we have ever before offered; and the growth and beauty of the plants all that could be desired.

Considering the completeness, correctness and purity of the assortment, the health and vigor of the plants, and the fact that under the skillful hand of Mr. W.M. BACH, our old foreman in this department, all are grown, with entire success, upon their own roots, from cuttings, we think we may be justly proud of our Roses.

We offer them with entire confidence that we can please our customers.
